One night we were on the beach and my husband and I were walking back to the car tod drive to the place we rented. This little boy cam up to me to ask if we had any food or money. All we had was apple pay and its cold getting dark and

we said sorry we dont. I get back to the USA and I heard about the Food Pack Events for Feed my starving Children. The meals are 29 cents a meal. They are beans. We packed. The food went to. What if I can help being this to campus. This is a non-professor and the meals go to countries in need. Wi. The chancellor was good a. May 2nd and May 3rd to pack the meals. I need to raise 30,000 to raise it. If this goes well, I want to make an impact. I am here to hope that the volunteers with serve, and it 2 hours and you can be apart on campus. 6. Devan: Have you reached out to SDS? Student democratic student. They thought about the packing of jars and donating it
7. Shaunna: I appreciate it.
8. Nathan: I am a member of SAC, and we are a organization
9. Moises: May 2nd is 2 packing, do you only want students or anyone? Can you

send me information on it. I am the president for OLA and we want to have a presentation.

10. Shaunna: Anyone. 75% Students and 25% community. I pushed back as much as I could and I am hoping that they will see that this helps.

11. Caden: \$30,000 is your goal

12. Shaunna: \$28,000 and I am hoping to go over this. Any money that is raised between \$30,000 the money can roll over for next year

c) Constitutional Amendment Resolution

- Moises: 3.01 K I added changed the can aske student court for an expiation for the GPA requirement. I added semester for GPA and what it's for. I took out theabov 2.0 to 2.25. to 2.25 and 2.5. than for the appeal I added excepts as staed in

section 3.02 (b) and (c). They will meet with the SGA president or Vice President, or advisers and the intergovernment affairs chair or a designee appointed by it. They will hear the case and make a decision to let them proceed or not. Then if it fall below a 2.0 than granted the continuation of their position after the appeal from section 3.02 (b) they will have check ins with the advisors after 3 months of classes. If GPA isn't about 2.0 than they will be re-evaluated for the position.

1. Devan: Why is the intergovernmental appeal apart of the applies?
2. Moises: 1st they need a chair for the other chair and experiences. 2nd the intergovernmental chair has better knowledge of it.
3. Devan: I feel like 3 months isn't long enough. I think it should be by end of semester
4. Radwa: It is to see how you are doing throughout the semester
5. Devan: If the GPA has not been approved, they are out.
6. Adam: We have utilized the student court. Why are we Vering away from it?
7. Tanisha: I think it be weird if it is who you work with know my buisness.
8. Nathan: I feel like grads are a venerable area. I feel like only the people that need to be involved should be.
9. Ethan S: With the grade checks throw-out, the semester and honestly if you failing you are too far gone.
10. Karime: It is biased on who it is. This is where me or Moises will step in an asset situation.
11. Radwa: We just discuss that the execs will be through student court and

senators will be the leadership?

12. Tanisha/Karime: there is only an appeal for election and not for the semester.

13. Romiro: I think 3 months is enough. For sports you get on a probation hearing and the catches can do grade checks on it.

14. Ethan M: GPA for sports

15. Nathan: they need to hold a 2.02

16. Ethan M: Why not

17. Tanisha: the appeal process. I am not in favor of increasing the GPA and it is fair. Grades aren't everything for me, it is leadership.

18. Karime: Typically, this organization has help with the raising of the GPA belong the 2.0.

19. Ethan S: It is not specifically enough.

20. Radwa: I agree with it.

21. Devan: Was it changed from communitive or semester?

22. Tanisha: Semester

23. Caden: How do you do grade checks in the middle

24. Karime: They do the GPA check through the advisers.

Sheboygan.

- Caden: I did spell Sheboygan wrong
- Caden: I was able to find proof that it is for the students. It
- Devan: Is there a way we can take date and put it in the resolution.
- Caden: Yes, we can add it.
- Matthew: with the charts of how many people we use it at the hour or unices
- Caden: how many people used it that hour.
